

INHOUSE REVEALS NEW DESIGN FOR WEST BLOCK PROJECT

28 October 2015

InHouse would like to thank the Glenora and Grovenor residents that attended last night's Open House meeting, hosted by the City of Edmonton, regarding our proposed rezoning. We had some great conversations with community members and are pleased that the project is of such interest to our neighbours. For those that missed out, here are the artist renderings of Phase I of our proposal, and some information on our plans.

ARTIST RENDERINGS OF PHASE ONE: AREAS 1, 2 AND URBAN SQUARE

SITE PLAN

This is a quick snapshot of what was presented at our Open House. For more information, please contact us.
